

## La Galerie of the Centre culturel franco-manitobain Call to artists in visual arts

Since its opening in 1974 the Centre culturel franco-manitobain houses a public art gallery situated at the heart of the building on the main floor. Throughout its operation, La Galerie of the CCFM has presented numerous important exhibits initiating the francophone community of Manitoba to the visual arts. The Centre culturel franco-manitobain is presently seeking exhibition proposals for its visual arts programming period starting January 2011 through to July 2012. This call is open to professional artists who have completed their art education, have been actively practising their art and have a significant body of work.

Proposals should include:

- a letter of intent (please state the title of the project and the context of its presentation);
- a detailed description of project;
- the artist statement;
- a curriculum vitae or current biography, including a list of exhibitions and pertinent experience;
- 10-12 slides or digital images of current work on CD;
- a detailed list of support material;
- the technical requirements of proposed project;
- a self-addressed stamped envelope (optional for the return of submissions);
- a press kit (optional).

### **Process**

Proposals will be reviewed and selected by a jury according to artistic merit and respecting the CCFM's mandate to present, promote, foster and sponsor cultural and artistic activities in the French language for all Manitobans. When selecting the exhibits priority is given to francophone artists from Manitoba and the rest of the Canada, but non-francophone artists are not excluded from the process. The language of operation is French but all information is made available in English as well.

The CCFM will assume the costs of publicity and the opening reception. The works must be professionally presented.

### **Conditions**

All submissions will be juried. If your proposal is selected, a grant proposal will be submitted to the Manitoba arts council. All exhibits are subject to funding. La Galerie of the Centre culturel franco-manitobain respects CARFAC recommended artist fees.

### **All submissions must be received by Friday, March 12th 2010**

Please send submissions and inquiries to:

Hélène Molin-Gautron, artistic programming coordinator
